Changes In The Neutrality Law Are Considered

Arming of American merchant ships and the opening of Canadian ports to American vessels will be the principal changes in the neutrality act to be asked for by President Roosevelt, it was reported in authoritative circles in Washington Tuesday night. No attempt will be made to repeal the neutrality law, it was said.

It was claimed by the Red High Command Wednesday that advances had been made against the invading Germans on the Leningrad front, but retreat of Russian forces into the rich Donets basin and the fall of Poltava were admitted. The Germans announced the capture of Poltava, eighty miles Southwest of the chief Donets industrial city of Kharkov, also with Kiev on September 19, but the Soviets claimed they only abandoned the towns Tuesday.

The bloody retaliation of the nazis to stop the attempt of Bohemian-Moravian civilians to throw off "German protection" of the region, continued with unabated fury Tuesday and almost reached the proportions of a massacre. The Germans admitted that eighty-eight Czechs had been slain but the Czechs claim that many times that number had been murdered by the Gestapo.

In a furious one-hour attack on British warships and convoys by Italian warplanes, it was said that the British blew to bits a large number of Fascist planes and that the attack was beaten off. It was announced in London that, if it became necessary the RAF would bomb the sacred city of Rome. The Vatican appealed to Britain not to do this as they would arouse the enmity of the entire Catholic world.

New Taxes Are In Effect Over United States

"Hidden taxes" on luxuries became effective Wednesday, October 1, and for the most part they consist of 10 per cent taxes on jewelry, furs, cosmetics, toilet preparations and scores of other items. The taxes are being collected on retail sales.

The rush of buying of these articles Tuesday was noticeable, particularly among women shoppers in the larger cities of Texas.

McKinney Hi Lions Will Meet Sherman Bearcats

A rivalry, dating back many years, will be renewed at Newsome Field in McKinney Friday night at 7:45 o'clock, when the Sherman High Bearcats come here to meet Coach J. W. (Swede) McMurry's McKinney High Lions.

Sherman and McKinney were members of the same district for several years, with great rivalry existing between the two teams. The rivalry has continued, even though the schools are members of different districts, the teams always playing a non-conference game each year before playing their district games.

Local fans and the McKinney High team realize they will be meeting their strongest team of the year thus far when the Bearcats invade McKinney, for Sherman always plays one of its best games against the Lions.

Tickets for the game are on sale at downtown drug stores, at the Senior and Junior High Schools and at the four ward schools in the city.

Prof. A. A. Alexander, Business Manager, announces that there will be slight increase in the price of tickets, as new Federal taxes are in effect. He says that the 25-cent tickets will be 30 cents, the 35 cent tickets, 40 cents and the 50 cent tickets 55 cents. There will also be a 5 cent tax on all passes. There will be no tax of the tickets for ward school children, which will continue 15 cents.

Sherman is expected to send a large delegation of fans, their High School Band, and pep squad to the game in this city, and indications point to one of the largest crowds of the season at the game.

State Fair Of Texas Will Open Saturday, Oct. 4

The State Fair of Texas, show window of Texas—will open in Dallas Saturday. More than 150,000 persons, representing every walk of life and every section of the Lone Star empire, will push through clicking turnstiles to participate in the fifty-third annual premiere of an institution which has become as characteristically Texas as a ten-gallon hat, a booted Ranger, or even the Alamo itself.

Last-minute preparations are in progress on the 190-acre grounds, where $15,000,000 in physical equipment is being given that final daub of paint—where exhibits and shows and livestock are being put into place in anticipation of the fair's first surge of humanity. During the sixteen days before the fair closes on October 19, more than 1,250,000 persons will see the amusement and educational features which make the State Fair of Texas the greatest and largest state fair in the world.

Opening day is full of special attractions. A street parade at noon, featuring seventy-five Texas queens, will officially open the fair. That night those queens will compete in a spectacular pageant which will see one crowned as Texas' Queen of Queens by Governor Coke Stevenson. Newspapermen of Texas, Oklahoma, and Arkansas, accompanied by their wives, will come 1,500 strong to participate in events of Press Day. Hundreds of members of Texas chapters of Future Farmers of America will celebrate their day. Other special days which coincide with opening day are Texas Chamber of Commerce Managers Day, Texas Architects Day, County Auditors Day, Texas Press Women's Association Day.

Highlighting the 1941 State Fair of Texas will be the $150,000 Livestock Show, in which there will be the National Hereford Show and the National Aberdeen-Angus Show; a mighty Agricultural Show, presentations daily of the famous musical show, Earl Carroll's Vanities; the Southwest's largest night club, Cafe Esplanade; an independent Midway with fourteen shows; National Defense Day, on Sunday, October 12, when the Southwest's greatest patriotic demonstration is held, and hosts of other attractions.

Joe Coleman, Jr., son of Mr. and Mrs. Joe Coleman of Farmersville, is recovering after an operation and is visiting his parents while recuperating. He had been in training at Camp Bowie and was stricken with appendicitis while on maneuvers with the army in Louisiana.

Take your change in U. S. Defense Stamps.

The moderate smoke haze noted over the city on a recent morning was only Papa and his cigar.—St .Louis Globe-Democrat.

There are defense stamps—or bonds—to fit every purse in America. And there is no way for the buyer to lose.—Shreveport Journal.

The uses of mediocrity are for everyday life; but the use of genius, admist a thousand mistakes which mediacrity never commits, is to suggest and prepetuate ideas which raise the standard of the mediocre to a noble level.—Edward Bulwer.

The hum of the gins in McKinney and Collin County sounds mighty pleasing to everyone. With an excellent price for their staple, County County farmers are reaping a nice profit from their crop this fall. And, when the farmer does well, the whole country prospers.

The Southern division of the United States Marine Corps, which rates fourth in the four divisions for the number of states it includes, and third in total population of the area, ranks first in the number of recruits it furnishes. Since the present emergency was declared, the South has supplied 38 per cent of all recruits, according to Major Meigs Oliver Frost, public relations officers for the division. The record as of August, 1941, showed that the division led the nation and Texas led the division, Major Frost said. Every fourth man recruited in the division and every twelfth man recruited in the nation was a Texan. Since 1938 the Marine Corps, with voluntary enlistment only, has raised its strength from 17,000 to more than 60,000, and still is increasing.

FARM CANVASS.

A door-to-door canvass of every farm in the United States, asking producers to gear their 1942 crops to the defense program, will be completed by Dec. 1.

Wayne H. Darrow, information chief of the U. S. department of agriculture, told 400 Midwest agricultural agents the campaign to increase the nation's food output would be carried into the farm home by a questionnaire, to be filled out by 7,000,000 farm families.

County agents then will use persuasion to swing the farmer's production plans to meet defense needs.

Darrow outlined the program as follows:

Food goals for each state were drawn up by Federal authorities this week. They recommend specific increases in meats and dairy products, and certain reductions in crops like wheat and cotton.

In Minnesota, for example, the principal goals included an increase of 688,000,000 pounds of milk, 15,000,000 dozen eggs, and 81,000,000 pounds of beef and veal cattle. The state was asked to reduce its wheat by 100,000 acres.

A Minnesota defense council, organized by the department of agriculture, will break down the state quotas by counties, and the county defense committees then will carry out the farm-to-farm canvass.

DON'T LIMIT FALL GARDENS TO TURNIPS AND GREENS.

Don't limit your fall garden to turnips and greens alone, cautions J. F. Rosborough, horticulturist of the A. and M. College Extension Service. Carrots, beets, English peas, radishes, beans, collards, cabbage, mustard and lettuce will grow as well in fall gardens.

Now is the time, Mr. Rosborough says, to rid the garden of weeds and plow it three or four inches deep. Chop up clods until the earth is thoroughly pulverized. If this is done now the soil will be ready for planting as soon as moisture permits.

If there is adequate moisture, vegetables which can stand the heat of September and October may be planted now. But don't make the mistake of planting those which will not withstand heat. In addition to mustard greens and turnips, he suggests onoins, white potatoes and radishes. In areas where frost is not likely to occur until late November, the potatoes should be planted now. Bliss Triumph is a quick maturing variety.

When this planting is done, fill an old tub or box about two thirds full of dirt, mixing equal parts of rotted manure and loam. Then plant about one quarter ounce of cabbage seed, covering not more than a quarter inch deep. When the weather is cool the plants will be large enough for transplanting. Copenhagen market is a good variety.

Cool season vegetables should not be planted until October because heat burns the plants. A hundred feet of carrots, using Nantes or Danver's Half Long varieties, will provide a supply throughout late winter and early spring. Beets, using the Detroit Dark Red variety, should be grown as a fall, winter and spring vegetable. Thin when the plants attain three inches. Spinach thrives best in limy, well-drained soil, and under cool climatic conditions.

In areas where hard freezes are apt to occur, a frame garden 6x20 feet made of planks with a cloth or glass sash cover will produce mustard, lettuce, onions, radishes, beets and carrots until Christmas, Mr. Rosborough advises.

"What we have done for ourselves alone dies with us. What we have done for others and the world remains and is immortal."—Pike.

All of us should be glad we're American citizens. This is a grand Nation, State, County and City in which to live. No finer place in the world.

The world wants leaders, thinkers, doers, men of power and action, men who can step out from the crowd and lead instead of follow.—Holmes.

To be driven by external motives from the path which our own heart approves, to give way to anything but convictions, to suffer the opinions of others to rule our choice or overpower our resolves, is to submit tamely to the lowest and most ignominious, and to resign the right of directing our own lives.—Samuel Johnson.

"It's time to read, so visit the McKinney Public Library," suggests Mrs. Clyde Doyle, Librarian. New books are being received almost daily and the patrons are increasing as they discover the many rare volumes to be found on the Library shelves. The membership fee is only $1.00 per year for a family. The Library staff will be glad to help you with reference work.

DEFENSIVE RUIN.

The axis powers profess to be horrified by the Russians' "scorched earth" policy, which is to strip the land clean and leave nothing but destruction for the invaders to take over, says the Corsicana Daily Sun. The Italian newspaper "Lavoro Fascisto" says:

"The advancing German troops find nothing but ruins and the more they push into the interior the more complete is the devastation. The destruction is systematic. No city, no village, nor group of houses is spared. Other nations, other people, other territories have suffered the horrors of war, but nowhere has there been anything like what has happened in Russia."

Both Italian Fascists and German Nazis seem to regard this as not according to Hoyle. It seems to them not only an act of senseless folly but an outrage against the invaders. Herr Goebbels, while rejoicing in the davastation wrought in Russia by German armies, has repeatedly voiced his horror at such evidence of Russian barbarism.

The outer world, however seems to take a different view. Certainly Americans, with all their dislike of Russian Communism and tyranny as observed in recent years, mostly regard this mode of foiling a barbarous invasion as heroic. We wonder whether Hitler and his Nazis, in a similar plight, would be capable of such sacrificial defense.

FAIR PLANS DEFENSE DAY SPECTACLE.

The national defense observance at the State Fair of Texas, in Dallas, Oct. 12 will be made the greatest demonstration of patriotism ever held in the nation in the present emergency if everyone cooperates, says R. L. Thomas, Chairman of the committee arranging the celebration.

A rally in the Cotton Bowl, where United States Senator Tom Connally, Chairman of the Senate Foreign Affairs Committee, will be the principal speaker, will be the leading event of National Defense Day. Thomas said Connally was the committee's first choice for the speaker because there is no question how he stands on backing the administration's foreign policies.

The fair hopes to have at least 20,000 men in the Army, Navy, Marine Corps and Air Corps present for the demonstration, Mr. Thomas said. All men in uniform, all veterans of wars in which the United States has participated, all ROTC and high school band members will be guests of the fair, he stated. Veterans not in uniform will be admitted when they show proper identification.

Mayor Woodall Rodgers said a crowd filling the Cotton Bowl would have a tremendous beneficial effect on the country by showing the complete unity of the Southwest.

"The people are overwhelmingly in favor of the administration's foreign policy," the Mayor said. "Any one who attempts to impair the leadership of those chosen to these duties is not acting as a true American."

Sheriff Smoot Schmid and County Clerk Ed H. Steger said the Dallas County officials will invite all members of the various county officials organizations of the state to participate in the National Defense Day events. Councilman Hal Noble, official city greeter, said he would be glad to greet all who come to the fair on Defense Day. Chief of Police J. M. Welch said he is inviting all police chiefs of the state. W. A. (Bill) Cole stated that the 32,000 American Legion members in Texas have been notified of the rally.

PRESIDENT'S SAFETY PROCLAMATION.

President Rosevelt has issued a Nation-wide appeal for something to be done about the traffic fatalities on our highways and in response to this appeal the Texas Safety Association, together with many other organizations is working to urge the practice of safety on the highways of the nation. President Roosevelt's proclamation follows:

The Nation is confronted with a rapidly rising accident toll. At the present rate, the total number of deaths from accidents this year will exceed 100,000. Traffic accidents alone caused 34,500 deaths in 1940, and thus far in the present year there has been an increase of seventeen per cent in traffic fatalities.

By taking a huge toll in life and property, accidents definitely hinder our national defense effort. To insure maximum efficiency we must have maximum safety twenty-four hours a day—not only at work, but also on the highway, at home, everywhere.

The troubled times in which we live must not make us callous or indifferent to human suffering. These unusual times require unusual safety efforts.

Now, therefore, I, Franklin D. Roosevelt, President of the United States of America, do hereby call upon the officers and directors of the National Safety Council to mobilize its nation-wide resources in leading a concerted and intensified campaign against accidents, and do call upon every citizen, in pubic or private capacity, to enlist in this campaign and do his part in preventing wastage of human and material resources of the Nation through accidents.

In witness whereof I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Done at the City of Washington this eighteenth day of August in the year of our Lord nineteen hundred and forty-one, and of the Independence of the United States of America the one hundred and sixty-sixth.

FRANKLIN D. ROOSEVELT.

(Seal)
CORDELL HULL, Secretary of State.

McKinney Drug Store Coaches Name Officers

Officers were elected by the Drug Store Coaches Association and other business transacted at the initial meeting of that group of McKinney football fans held at 6:45 o'clock Tuesday morning in the High School Cafeteria.

C. H. Ray, President of the Dads Club; Elton Riggs, Chairman of the Athletic Committee, and Coach J. W. (Swede) McMurry called the meeting, the Dads Club sponsoring the newly-formed organization.

After an explanation of the purpose of the organization had been discussed by Mr. Ray, the meeting was turned over to Elton Riggs, who was named Temporary Chairman.

Officers elected included:

George W. James, Head Referee.

Roy L. Brockman, Chief Umpire.

Jack McCullough, Chief Kicker.

Paul Wilson, Head Linesman.

Chas. Jackson, Head Timekeeper.

Membership cards, all of which are labelled, "Number 1," were given everyone present, while under the signature of each is this wording "As Volunteer Head Football Coach," and the following explanation: "Good for full privileges of telling any paid or elective football coach how things should be run. Not transferable and becomes void any time the holder fails to perform his duty of tellin' 'em.

"Motto: 'Talk a good game.'"

While humorous, and tending toward the comical at times, yet the organization has a real purpose, to arouse and maintain interest in the McKinney High School football team and to bring a closer relationship among the fans, coaches and team.

A large bucket was found on the table in the Cafeteria with this wording, "Notice Drug Store Quarterback and Coaches. Please deposit all new plays and football rules in this container."

Coaches will have absolutely no voice in the meetings, but will be allowed to attend the meetings, content to sit and listen to the assistant and would-be coaches tell them how the game should be played and how the team should be managed. Attractive McKinney Bride

MRS. THOMAS BENJAMIN WILKES

EDNA ELIZABETH PURNELL BECOMES BRIDE OF THOMAS BENJAMIN WILKES, JUNIOR.

Climaxing a series of prenuptial parties for the past month, a beautiful wedding was solemnized Saturday evening at 8:30 o'clock in the First Methodist church when Miss Edna Elizabeth Purnell became the bride of Mr. Thomas Benjamin Wilkes, Jr. The brilliant affair was largely attended, many relatives and friends from out of the city being present.

The rostrum and choir loft were banked with graceful ferns in which were intermingled tall cathedral candelabras holding white tapers. The wedding vows were taken before an archway of green entwined with white rosebuds. Immediately back of the archway were two marble urns holding white gladioli. These urns were placed in the Methodist Church by Mr. and Mrs. Purnell in memory of Mrs. Purnell's parents, the late Mr. and Mrs. Glen Stiff.

Rev. Earl J. Patton, Pastor, officiated with the impressive double ring ceremony and preceding the wedding Miss Mary Jo Hamilton gave a thirty minute organ recital. She also played the wedding marches and was accompanist for the vocal solos given by Miss Dorcile Lynch of Dallas who sang "Because" and Mr. Arthur Field Heard of San Angelo who sang "I Love Thee." Miss Hamilton's dress was white taffeta, the waist of which was adorned in gold studs. She wore a shoulder corsage of red rosebuds. Miss Lynch wore a white taffeta dress and held a small bouquet of red rosebuds.

The bride, who was given in marriage by her father, was lovely in a white gown of mousseline de soie, which was made with sweetheart neckline and short puffed sleeves. The skirt was gathered on to the fitted waist. Her veil of imported illusion which was caught to a halo of pearls, fell into a long flowing train, and her only jewelry was a cameo necklace, an heirloom of the Wilkes family. She carried a shower bouquet of white roses tied with satin streamers.

Miss Ann Purnell, of St. Louis, Mo., cousin of the bride, was maid of honor and Mrs. Bryce Huguenin of Dallas was matron of honor. The bridesmaids were Misses Mary Jones of Richmond, Nancy Davis of Houston, Lillian Burnside of Iowa Park, Anne Seale of Bryan, Josephine Wilkes of Wichita Falls, Elizabeth Barrow, Joy Hope and Sherley Scott. Mary Ann Walton of Houston and Inez Neilson were junior bridesmaids and little Misses Betsy and Virgina Williams, nieces of the bridegroom, were the flower girls. All of the bride's attendants wore identical frocks of white faille trimmed with Irish lace. They were made with fitted basques, and full skirts which touched the floor. They wore halo hats of white faille caught at the back with short veils of illusion and their flowers were arm bouquets of red roses. The little flower girls wore costumes fashioned after the bridesmaids, and carried nosegays of red roses.

Mr. Wilkes was attended by his brother-in-law, Lieut. A. L. Williams, Jr., of New Orleans, as best man while the ushers were Sam Williams and Marshal Jones of Sherman; Horace Nelson, Jr., of Ballinger, Billy Eubanks, Bob Collins of Dallas and Ernest Merkt of Wichita Falls.

Immediately following the ceremony a reception was held in the garden of the Purnell home on West Hunt street. Enhanding the beauty of the lovely landscaped garden, was the arrangement of red and white roses. Mrs. H. H. Neilson presided over the beautifully embossed three tiered wedding cake which was cut and served with frozen punch to some three hundred guests who registered in the white satin bride's book. Mrs. Johnnie Lee of Kilgore and Mrs. Richard Carr of Texarkana presided over the register. Assisting in serving were her hostesses and members of the Entre Nous Club.

Mr. and Mrs. Wilkes left for a wedding trip to Sante Fe, New Mexico, after which they will return to McKinney to reside. For traveling Mrs. Wilkes wore a wool suit in Sycamore green and sherry accessories. She wore a brown fur hat and her corsage was a green orchid.

The bride is the daughter of Mr. and Mrs. Julius Purnell of this city and a granddaughter of the late Mr. and Mrs. Glen Stiff, beloved and highly esteemed pioneer couple of this city. She was a popular member of the young social set and is loved by all acquaintances for her charm and beauty. Her education was received in the Public Schools of McKinney, and also Hockaday Junior College and Southern Methodist University in Dallas. At Hockaday she was a member of Tau Gamma Epsilon Sorority and at S. M. U. was a member of Zeta Tau Alpha.

Mr. Wilkes is the son of Mr. and Mrs. T. B. Wilkes of Wichita Falls, but formerly of Nocona, where he was reared. He attended Southwestern and Southern Methodist University, where he was a Phi Delta Theta pledge. Mr. Wilkes is a young man of sterling qualities and high ambitions and is being congratulated by a multitude of friends upon winning the hand of his fair young bride. W. M. Bowman Of Branch Observes 90th Birthday

Sunday, September 28, W. M. Bowman of the Branch Community celebrated his ninetieth birthday. As has been the custom for several years, this day was the occasion for the reunion of the Bowman Family, which is one of the oldest and most honored pioneer families of Collin County.

Mr. Bowman was made happy on this birthday by having with him his nine children, eleven grandchildren, and one great grandchild. Some fifty other relatives and friends were also present. At noon a bountiful lunch was spread.

Those enjoying this occasion were Mr. and Mrs. W. M. Bowman and their immediate family, John, Mart, Elizabeth, and Dorothy; Mr. and Mrs. S. L. Lafon and children, Eugene, Wynona, and Alvin; Mr. and Mrs. Charley Latta and children, Robert and Peggy Ann; Mr. and Mrs. Robert Walton and daughter, Marie; Mr. and Mrs. Douglas Powell and son, Charles; Mr. and Mrs. Alton Lafon and sons, Olin and Ray; Mr. and Mrs. Ray Lafon and son, Alton; Mr. and Mrs. Frank Posival; Mr. and Mrs. Ray White and son, Jessie Ray, McKinney; Mrs. Gazelle Ashbrook and son, Kenneth, Dallas; Mr. and Mrs. J. Though advanced in years, Mr. Bowman enjoys reasonably good health. With the exception of his eyesight, which has dimmed with advancing years, he has retained every physical capacity remarkably well. He is a most interesting conversationalist whose memory recalls several other wars other than the present one.

His friends extend to him their best wishes for many more happy birthdays.

Demonstrations On Terracing To Be Conducted

Three important demonstrations in terracing will be conducted next week by County Agent Jack McCullough and his Assistant, V. C. Andrews, and the public is invited to attend them, Agent McCullough announced Thursday.

All demonstrations will start at 9 o'clock in the morning. The first will be given on the farm of Stephen Kahn, two miles South of Lebanon, Monday morning, October 6.

The second demonstration will be given Tuesday morning, October 7, on the Lawrence Evans farm, two miles North of Anna on Highway 75.

Wednesday morning, October 8, the demonstrtion will be given on the C. A. Crosswhite farm at Weston.

Agent McCullough and Mr. Andrews will demonstrate the proper method of surveying terrace lines. Chief objects of terracing, explained Agent McCullough, are to conserve moisture, prevent erosion of the top soil during heavy rains and properly irrigate with the water thus conserved, distributing the supply of moisture evenly through the season.

"Every farmer should be interested in terracing," said Agent McCullough," and I hope a large number will attend these demonstrations, which are given for their benefit, as well as for the benefit of the farmers on whose land the terraces are made."

We will pay your parking meter fee when you park to shop at GAMBLE'S, Your Careful Druggist. Phone 104.

Mr. and Mrs. George Morris attended the Circus in Dallas Friday afternoon.

Recalls Passing Of Gen. McCulloch During Civil War

A story in the Dallas Morning News of Tuesday's issue concerning Guy Smith, 84-year-old Brady, Texas, resident, who recalled when General Ben McCulloch fell in the Civil War battle at Pea Ridge, Ark., is of interest here. Mr. Smith is a nephew of the man who still lives in the pages of Texas and United States history.

Local interest in the story centers in the fact that the body of General McCulloch, brought to Ellis County, passed through McKinney, where the body was held for a time. The mural in the Post Office in this city, painted by Frank Klepper, native Collin County artist, depicts the time when the body was held at the local hotel.

The Dallas News story of Mr. Smith and his remembrance of the Civil war General, continues:

"I recollect climbing upon the wagon and viewing General McCulloch's body after he had been killed in 1862," said Smith, whose mother was a sister of the man in whose honor McCulloch County was named. The body was brought to the home of a brother, John McCulloch, who lived in Ellis County at that time, later taken to Austin for burial in the State Cemetery.

Mr. Smith's grandfather, Tom I. Smith, was a Texas Ranger Captain during the early days, and his father, W. T. Smith, was killed in the Civil War, at the battle of Gettysburg.

Born at Files Valley, in Hill County, Mr. Smith came to Brady in 1908, where he has since lived.

TWELVE SELECTEES FROM COUNTY ATTEND PATRIOTIC PROGRAM MONDAY MORNING

"When you go to camp to train for our peacetime army, keep the thought uppermost in your minds that 'I'm proud that I am an American' and be determined to fight for perpetuation of this grand government of ours which is the greatest form of government ever conceived by man."

This was the inspiring message delivered to the twelve Selectees and their relatives and friends gathered in the District Court Room Monday morning by Lyman D. Robinson, City Commissioner and prominent McKinney business man, the principal speaker at the patriotic rally held by the Jimmie Geigas Post of the American Legion. The Selectees, forming Collin County's last quota to leave for training camp, departed on the interurban for Dallas to be inducted into the service.

Mr. Robinson described Democracy to the young soldiers-to-be, declaring that behind it all is Freedom, a freedom that is not known anywhere else in the world and a freedom that is worth fighting for and worth dying for, if necessary. He complimented the young men for their patriotism and loyalty and predicted that all of them would make McKinney and Collin County proud of them.

The meeting was opened by Paul Wilson, Veteran of the A. E. F., who served as Master of Ceremonies. Rev. G. C. Ford, prominent retired McKinney Methodist Minister, delivered the invocation and bnediction. A short and convincing talk was made by Clint M. Lewis, who also served in France during the first world war. He told the young Selectees that they now have an opportunity to prove what kind of men they are, and he was positive they would acquit themselves nobly in the service of Uncle Sam.

"You have a chance of a lifetime," he declared, "and I know we will all be proud of you."

J. W. McKinney, Past Commander of Jimmie Geigas Post, explained to the boys the purpose of the "Your Friend Club," which was originated by County Judge H. H. Neilson, another ex-service man. Each boy was told that his sponsor, a prominent Collin County man, would write him once a month and keep him posted on happenings in his home community.

Seven Selectees were sent to camp by Board No. 1, of which T. B. Sisco is Chief Clerk, and five by Board No. 2, of which Ula Saunders is Chief Clerk.

Following were the boys who left for Dallas and opposite each name is the name of his sponsor.

Series Of Liquor Raids In County

One negro was shot and killed near Allen, three others were injured and taken to hospitals, more than 100 gallons of beer, five cases of whiskey and a 1941 automobile were seized and wholesale arrests were made the past week in Collin County, says Sheriff W. E. Button.

Willie Arthur Smith (col.) of Corsicana was killed near Allen in an alleged affray, Sheriff Button said. Both men were allegedly armed, said the Sheriff. The man at whose home the alleged affray occurred, was technically charged with murder, but was released on $500 bond, pending action of the Grand Jury.

In an altercation three negroes were shot and taken to hospitals in McKinney and Sherman, but all have returned to their homes. The negro, who was arrested, is is jail, charged with assault with intent to murder. His bond has been fixed at $1,500. He is said to live in Dallas.

In a liquor raid in the Northeastern part of the county by Sheriff Button and his deputies, they arrested a white man and confiscated his new 1941 automobile in which the Sheriff said were alleged five cases of whiskey in pints and half pints. The man was brought to the County Jail and charged with possession and transportation of liquor. Other raids in various parts of the county netted more than 100 gallons of beer, mostly home brew and "Choc." The beer and "choc" were seized from negroes, the Sheriff reports.

None of these raids, shootings and arrests were made in McKinney, reports Sheriff Button.

Three negroes were arrested and charged with fobbery with firearms, following the holdup of two other negroes on Highway 289, East of Frisco, when $14.00 was alleged to have been taken.

Tax Statements Due In Mails About Oct. 15

Because he was waiting until the Special Session of the Legislature passed on the road bond assumption bill, County Tax Assessor-Collector Clint M. Lewis said he has been delayed in sending out tax statements for the current year. These statements are supposed to be in the hands of taxpayers by October 1, but Mr. Lewis said it will be October 15 or later before all of the statements can be mailed.

Mr. Lewis and his deputies have been literally working night and day on the tax rolls, making out tax statements to be mailed ever since the new road bond bill was acted upon by the Legislature.

Clocks Turned Back Sunday In Twenty-Six States

In twenty-six States the people turned their clocks back one hour Sunday, marking the end of the 1941 Daylight Saving period.

Daylight Saving was not observed in Texas, but clocks had been turned forward one hour in most Eastern States at 2 o'clock a. m. the last Sunday in April. They were moved back one hour at 2 o'clock Sunday morning, September 28.

The change back to standard time affects only radio programs in McKinney and citizens watched clocks closely to follow the new broadcast time for their favorite programs.

New U. S. War Ticket Tax Is Effective Oct. 1

Another result of the national defense program will be felt by Americans, beginning Wednesday, October 1, when the new U. S. war ticket tax set by the Senate at 10 per cent will be inaugurated, affecting particularly the theaters in the country.

As finally approved by the Senate and sent to conference, the admission tax provision, Section 541, reads as follows:

"Rate. A tax of one cent for each ten cents or fraction thereof of the amount paid for admission to any place, including admission by season ticket or subscription. In the case of persons (except bona fide employees, municipal officers on official business, persons under 18 years of age, members of the military or naval forces of the United States when in uniform, and members of the Civilian Conservation Corps when in uniform) admitted free or at reduced rates to any place at any time when and under circumstances under which an admission charge is made to other persons, an equivalent tax shall be collected based on the price so charged to such other persons for the same or similar accommodations, to be paid by the person so admitted. No tax shall be imposed on the amount paid for the admission of a child under 12 years of age if the amount paid is less than 10 cents."

In addition to the lower income exemptions, which were not approved by the House, the joint Senate-House committee conference group must adjust these Senate changes in the new tax bill:

Increase in the corporation surtax rate from five to six per cent on net income up to $25,000 and from six to 7 per cent on income over that; elimination of the House-approved taxes on soft drinks, radio time sales and billboards; elimination of a special 10 per cent levy voted by the House on the profits of corporations which do not earn enough income to come under the schedule of excess profits taxes; imposition of a 10 per cent tax on electric light bulbs; increase from five to 10 per cent in the House-approved levy on local telephone bills.

Pension Checks Will Be Mailed One Day Later

Age and survivors insurance checks will in future reach beneficiaries one day later each month than heretofore, E. L. Tutt, Manager of the Dallas Social Security Board Office, said.

He said under a new arrangement between the social security board and the treasury, all checks will be dated the first of the month following that for which payment is made. For example, the forthcoming September checks will be dated Oct. 1, to launch the new schedule, he explained.

He said the announcement was made so beneficiaries will not worry when their checks do not arrive on the day when they have learned to expect them.

Safeway Have New Method In Making Sales

Fruits and vegetables are now being sold by the pound, instead of by the dozen at the Safeway Stores, it is anounced here.

"The price charged is only fair when figured by the weight and not by the dozen," says their announcement So hereafter housewives may select either large or small apples, oranges, lemons, potatoes, pears, cabbages, rutabagas, cauliflower, lettuce and other fruits and vegetables and pay for them by the weight.

This is an innovation in the grocery business in McKinncy, but it is not entirely new elsewhere. In many places some items have been sold by the pound for years while others were sold by the dozen count.

Investigation reveals that this is the first time that all fruits and vegetables have changed from the count to the weight basis.

Approximately four hundred delegates attended the meeting and fifty-two churches in the county were represented.

Considerable business was transacted during the two busy days and Dr. Clifton said he regarded the convention as most successful.

It was voted to hold the next annual meeting at Blue Ridge in September, 1942.

FARMERS ADVISED TO PUT COTTON IN GOV'T. LOANS IF PRICE GOES BELOW 16 CENTS

"If cotton goes down to 16 cents a pound or less, I strongly recommend that farmers put it in government loans," declared Jack McCullough, County Agricultural Agent. He points out that the government will loan up to 14 cents and will hold the cotton in warehouses until the farmer wants to sell. If the market goes up, the farmer will profit; if it declines to below 14 cents the government will lose, and not the farmer.

Agent McCullough says that cotton continues to come in fairly fast, but he finds that the second picking is turning out "short" of what he expected. He declared Tuesday that Collin County's crop will be one of the smallest in history and it will surprise him if it totals over 50,000 bales this year.

On the McKinney market Monday cotton was selling at 16 to 16 1-2 cents per pound, according to cotton men, and cotton seed were bringing $54.00 per ton. It is said that the market was by no means strong when the week's buying started.

Weekly Religious Broadcasts Over Sherman Station

First of a series of Weekly broadcasts every Thursday night from 7:30 to 7:45 o'clock over KRRV, the Sherman-Denison Station, will be given Thursday night, October 2, by the Collin County Baptist Association of Churches.

"A Call to Worship" will be the title of the radio series, according to Jim Cantrell, who will be Master of Ceremonies at the opening broadcast, who explained the purpose of the series is to call to the attention of the public the importance of true Christian worship. Listeners will be urged to attend church Sunday, regardless of what church.

The first program will be dedicated to the First Baptist Church of McKinney and a delegation of local Baptists will witness the broadcast, which will be on the air from Sherman. In the closing five minutes of the first broadcast Mr Cantrell will interview Prof. W. S. Smith, Teacher of the Men's Bible Class of the First Baptist Church of this city and one of the best known religious educators in this section. The program will also consist of short talks and special musical numbers by members of the County Baptist Association.

The next fiscal year of the Baptist Church will begin Sunday, October 5 and a special effort will be made by these broadcasts to increase the attendance at churches of the Baptist and all other denominations. The broadcasts will continue every Thursday night for several weeks and plans are being made to continue it for 26 weeks if it proves successful. The programs will be dedicated to a different Baptist Church each Thursday night.

These religious broadcasts are in line with a program being followed by the Southern Baptist Churches, Mr. Cantrell said.

Hundreds Singers Will Attend Semi-Annual Convention

Thousands of singers from all over Collin County and from many other points in North Texas and Oklahoma and Arkansas are expected to attend the semi-annual Collin County Singing Convention to be held in the Walter B. Wilson Auditorium of the McKinney High School Saturday night, October 11 and all day Sunday, October 12.

Announcement of this meeting was made jointly by President R. F. Williams and Vice President E. L. Kissinger, who stated that all persons interested in the promotion of good music are invited.

A brief and important business meeting will be held Saturday night, starting at 7:15 o'clock. Visiting singers who are here will be entertained in the homes of McKinney families.

The Sunday Singing Convention will begin promptly at 10 o'clock in the forenoon and continue to 4 o'clock in the afternoon, with an hour's recess at 12 o'clock for dinner, when the visitors will be entertained at the various local hotels.

Numerous quartets and other musical groups have been invited from Oklahoma and Arkansas and several points in North Texas. A splendid musical program is being prepared for the two-day session.

3 Additional Traffic Signal Lights Ordered

Matters pertaining to the city schools were discussed, three more traffic signal lights were ordered and a number of routine matters were disposed of by the City Commission at its regular weekly meeting Monday night at City Hall.

Gibson Caldwell, President of the School Board and Jack R. Ryan, City Superintendent, attended the meeting and discussed school problems with the Commissioners.

One of the new traffic signal lights was ordered installed at the intersection of South Tennessee and Anthony Streets and another at North Tennessee and Heard Streets, at the Knott's Bakery. Location of the third light was to be decided later.

Present at the meeting were Mayor Tom W. Perkins and Commissioners Lyman D. Robinson and J. H. Snapp, City Attorney Henry C. Miller and City Secretary G. Frank Wolford.

Skilled Workers Are Needed By Great Britain

Skilled mechanics are badly needed in Great Britain to assist in Civilian Defense and Americans who can qualify for positions of radio mechanics, electricians, machine tool setters or operators, fitters, auto mechanics, etc., are urged to offer their services to Britain.

In a bulletin issued by the British Civilian Technical Corps, an appeal is made to Americans to respond to this call, and Fiorello H. La Guardia, Director of the Office of Civilian Defense in the United States, heartily endorses the British appeal. Those who answer the call for civilian service in Britain are assured that they will be returned to the United States at any time they may be needed. Men between 18 and 50 years of age, who can qualify as skilled mechanics, are eligible.

Additional information may be obtained in McKinney by all interested persons from W. M. Vanlandingham, in charge of the Texas State Employment Service, 209 North Kentucky Street, this city. He reports that he has already heard from one applicant. Mr. Vanlandingham emphasized that American mechanics are wanted for strictly non-combatant service in Britain where skilled labor is needed badly.

Baby Girl, Found On Roadside, Near Plano, Monday

The new born baby girl, found abandoned on the side of the road on Highway 75 South of Plano Monday morning and rushed to St. Paul's Hospital in Dallas, died at the hospital Monday night a 7:30 o'clock. Sisters of the hospital named the baby Mary Michael Roads, (Mary because she was a girl; Michael because she was born on the Feast of St. Michael and Roads because she was found by a roadside).

As told in Monday's Courier-Gazette, the new-born infant was found near Plano on the side of the road about 6:30 o'clock Monday morning just North of the Collin-Dallas County line by W. J. Buchanan, farmer of near Plano It appeared the infant had been thrown from an automobile and it was thought to have been born without the benefit of a doctor or midwife.

Search for the Mother of the child was instituted by County Attorney Roland Boyd and Sheriff W. E. Button and his deputies immediately after the discovery was reported Monday. Mr. Buchanan picked the infant up and placed it in a paper bag and rushed it to Plano, where Dr. T. C. Mitchell gave the baby attention and then rushed it to St. Paul's Hospital. The infant was bruised and dirty when found in the ditch by the side of the road. City Marshal James Standifer of Plano accompanied Dr. Mitchell to Dallas with the child and it was placed in an incubator.

Burial of the little infant took place Tuesday in a pauper's grave at Dallas.

MUCH COTTON BEING HELD IN WAREHOUSES

While considerable cotton is coming into McKinney every day, cotton men say that a small percentage of it is being offered for sale. Most of it, they say, is being held by the farmers in warehouses.

Cotton prices Monday were reported from 16 cents to 16 1-2 cents per pound, while cotton seed were selling at $54.00 a ton.

Alvin W. Taylor, of McKinney, submitted to an appendicitis operation at the McKinney City Hospital Monday night. He is getting along nicely.

Judge and Mrs. H. L. Davis and daughter, Miss Carrie Jean Davis, spent Sunday in Van Alstyne, guests of Mr. and Mrs. Robert Fielder. Mrs. Fielder is a niece of Mrs. Davis.

Widening Of Highway 75 In Dallas County

Widening of McKinney Road (U. S. Highway 75,) from Dallas to the Collin County line, a distance of about 9.5 miles, at a cost of $75,000, will start within 30 days, T. E. Huffman, District Engineer of the State Highway Department, said Saturday, in Dallas.

The project was ordered, he said, to enable the highway, which he said was the heaviest traveled in the county excepting only the Fort Worth Pike, to meet with requirements for military highways.

Long inadequate for even normal civilian traffic, the highway has presented a growing problem with establishment of several defense projects in the immediate vicinity of Dallas and the air base at Denison, Mr. Huffman declared.

The project includes widening from 18 to 24 feet, widening small bridges to 30 feet, curb approaches and 27-foot width for larger bridges.

W. S. McDonald, Resident State Highway Engineer, will supervise the project, for which the state highway commission appropriated $44,000 and tentative arrangements have been made with the WPA to supply $31,000 for labor.

The work will start at the Missouri-Kansas-Texas Railroad overpass, near Mockingbird Lane, Huffman said.

Hundreds Soldiers To Pass Through McKinney Soon

Several thousand troops of the 45th Division, who camped near Princeton on their way from Camp Barkley at Abilene to East Texas and Louisiana to participate in the great war maneuvers, will pass through McKinney again on their return to Abilene, it became known Tuesday. The date of their departure was not given, but it was said they would assemble at Marshall and half of them go back to Camp Barkley by way of Mount Pleasant, McKinney and Denton. According to present plans, they will not camp near McKinney on the return trip but will just pass through. Their stop nearest to this city will be at Decatur.

Several thousand of these troops encamped near Princeton on their way East and were entertained in true McKinney fashion two nights McKinney and Collin County will be glad to welcome them back again.

Bridges Ordered Deported To His Native Australia

Harry Bridges, the C. I. O. labor leader on the Pacific oCast, who appeared in the midst of a number of strikes and other labor disputes in maritime circles on the West Coast during the past few years, was found to be a Communist by a special Justice Department Inspector and deportation of Bridges to his native Australia was recommended. Bridges, Attorneys announced they will appeal the ruling to the highest court in the land. The Communist Party, since its organization in this country in 1919, the Inspector declared, had as its main objective the overthrow of the American Government by force, and membership in that organization by an Alien was sufficient grounds for deportation.

Some Serious Situations Are Facing Hitler

Despite all of the claims of victories made by the nazis, Hitler is facing situations both in Russia and in some of his conquered countries that have given rise to much speculation. Snow has begun to fall in Russia and the German invaders admit they are preparing to "dig in" for the long winter, which will give Russia time to rebuild its forces and replenish its war supplies. In the conquered countries, varticularly in some parts of France and in Bohemia-Moravia there have been numerous outbreaks against the nazis. The Czech revolt is said by Berlin to have been broken by the execution of three former generals and twenty-one others, but the situation is still considered serious.

Anticipating a long, cold winter on the Eastern front, Hitler is taking all of the available blankets and heavy clothing from Norway, France and other German-controlled countries and shipping them to his soldiers at the front. The civilians in those countries will be hard pressed for both clothing and food this winter and more revolts are looked for in many quarters.

In Italy, Mussolini also face a serious situation, not only because of the hard-hitting British, but also from within, for he has already made it known that bread, the principal item of food of the Italians, will be rationed, and Monday night he announced that clothing also would be placed on a ration basis. With both cold and hunger facing them and with their cities being bombed by the RAF, the Italian people are getting restless. This aspect has been noticed by Hitler, who has demanded that German authorities go into Italy in greater numbers to help quell any possible disturbances. As far as the war is concerned, Mussolini is of very little help to Hitler now, and his usefulness will become less and less, judging from present developments.

The American and British missions, headed by A. Averell Harriman and Lord Beaverbrook, in their conferences with Stalin and other Russian officials in Moscow, assured them of all of the aid possible from both Democracies.

While the battle still raged in Russia, Britain was said to be getting ready to launch a vigorous offensive against the nazis in the Middle East in the event the Soviets fail in their defense of the Caucassus. According to present plans of Britain and her allies, it is intended to force Hitler to fight on a two-thousand-mile battle line.

36th Division To Hold Reunion In Fort Worth

Arrangements have been completed for the annual reunion of Veterans who served in the famous 36th Division in France during the first world war and their wives, which will be held in Fort Worth Saturday and Sunday, October 4 and 5, announces John A. Hulen, President of the 36th Division Veterans Association.

According to Paul Wilson of this city, for the convenience of early arrivals, a registration desk will be provided Friday evening in the lobby of the Texas Hotel, general headquarters for the reunion.

An enjoyable program has been prepared by the Women's Auxiliary for the wives of Veterans who attend on Saturday, the opening day, and all Veterans are urged to bring their wives.

In addition to the opportunity for veterans to again meet with their buddies of the world war, the program of entertainment will be elaborate, including a Dutch Lunch at noon Saturday in the Texas Hotel Ballroom corridor. At 6 o'clock that evening the annual dinner will be given and this will be followed by a dance. More than a hundred attended the dinner last year and it is expected more will enjoy the occasion this year, says President Hulen. An excellent orchestra has been engaged for the dance, which starts at 9 o'clock.

Sunday, October 5, will be given over, as usual, to the annual Memorial Services in the Municipal Auditorium, which will be followed by a barbecue. The various units staked a "nip and tuck" contest for best attendance last year, and this year even keener competition is looked for.

A number of ex-service men of McKinney and Collin County belonged to the famous 36th Division and creditably acquitted themselves in France, and all of these are trying to arrange to be at the Fort Worth Reunion, reports Mr. Wilson; Roy L. Brockman, Commander of Jimmie Geigas Post of the American Legion of this city, and other McKinney and Collin County veterans.

Dr. R. A. Clifton will be guest speaker at the Washington Street Baptist Church in Greenville Friday afternoon, October 3, at 3 o'clock. He will give "The Perfect Story." The occasion will be the annual county-wide meeting of Baptist women of Hunt County.

BOY SCOUTS WILL COLLECT NEWSPAPERS, MAGAZINES AND RAGS IN NATION-WIDE DRIVE

A bulletin issued by Dr. James E. West, Chief Scout Executive of the Boy Scouts of America, states that the Office of Price Administartion and Civilian Supply in the Office for Emergency Management has made a request that the Boy Scouts collect old newspapers, magazines, and rags to aid in the defense program.

There is an acute shortage of packing material made of paper such as paper boxes and containers used for packing munitions, foodstuffs and a host of other items required for the defense program. To help overcome this shortage the government has asked that the Boy Scouts in all parts of the United States collect this waste paper.

Leon Henderson, Administrator of the office of Price Administration, upon learning of the acceptance of the Boy Scouts to cooperate in this project, said in part: "Problems of conservation have been historically a major phase of Boy Scout activity and have always been regarded as directly identified with good citizenship. I know of no other national organization whose personnel, objectives, and experience better qualify it for this great project and I am satisfied that the Scouts will play a most constructive part in its success."

Scout officials ask that those having old paper, magazines or rags save them for collection by the Scouts. In doing this a real service to America will be performed.

Rev. Klein Is Installed Pastor Central Church

Impressive ceremonies marked the formal installation of Rev. Richard S. Klein as Pastor of the Central Presbyterian Church Wednesday night, when three prominent Presbyterian Ministers of Dallas officiated.

The church was beautifully decorated with flowers, furnished by Mr. and Mrs. A. M. Russell, members of the church.

Dr. Jasper Manton, Pastor of the Trinity Presbyterian Church of Dallas and Moderator of the Synod of Texas, gave the charge to the congregation and Rev. David Rees-Jones, Pastor of the Exposition Park Church, of Dallas, delivered the charge to Rev. Klein. Dr. Floyd Poe, Pastor of the City Temple Church of Dallas, presided.

A large crowd attended the services, among the congregation being many visitors from other churches in the city. An inspiring sermon was delivered by Dr. Poe, and beautiful musical numbers were rendered by the Central Church Choir.

Rev. Klein recently moved here from Monroe City, Indiana, to become Pastor of the local church and he and his wife and baby son have been cordially and warmly welcomed by the people of McKinney. On his first Sunday here, Rev. Klein preached at the Union service, in which four McKinney Churches participated.

Baptist Women Hold Meeting Monday Night

All three Baptist Churches in McKinney were well represented at the Fifth Monday session of the Fedration of Baptist Women, held at the North McKinney Baptist Church Monday night. From the standpoint of attendance as well as interest, it was a pronounced success, said Mrs. W. S. Milton, President of the Federation.

Short talks were made by the Pastors of the three churches, Rev. A. L. Partain, of the host Church, Dr. R. A. Clifton, of the First Baptist Church, and Rev. W. S. Milton, of the King Memorial Baptist Church, and also by Mrs. Clifton Powell, President of the Women's Missionary Union of the King Memorial Church.

Outstanding features of the musical program were selections by the Sunbeam Band of the North McKinney Church, and a solo by E. L. Kissinger.

Following the program a delightful social hour was spent, during which the ladies of the host church served delicious refreshments.

The next meeting of the Federation will be held at the First Baptist Church Monday night December 29.

Fine Progress Made By Scouting In Collin County

Scouting has made fine progress in Collin County in the last two years, according to Jim Cantrell, Organization and Extension Chairman. The number of troops in the county have increased 700 percent during that time.

Two years ago there were only two troops in the county. Today there are fourteen with over two hundred boys active in Scout work. It is the aim of this district to have nearly three hundred boys in Scouting by the end of the year. According to Scout leaders this can be accomplished by the organization of three or four new units. Plans are now laid to organize one new Scout troop in McKinney and two Cub Packs by the first of next year.

Interest is increasing steadily in this fine program of Character building and Citizenship training which emphasizes outdoor activity. Inquiries concerning membership in the Boy Scouts are being made frequently and it is believed that the present troops in McKinney will increase considerably in membership. Any inquiries may be addressed to Jim Cantreli or F. J. Ross, Scout Field Executives.
